Overall Length:

11.940 inches

Overall Height:

5.380 inches

Overall Width:

0.500 inches

End Application:

NSN:-23-200-1447

Product Name:

Bracket assembly guide roller left

Special Features:

All welds are to be iaw aws di.I. Finish will be iaw 12420325 method or method 4

Material:

Steel

Material:

Steel

Supplementary Features:

Material is steel astm a572 grade 50

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T08100
