Width:

2.800 inches

Thickness:

0.125 inches

Length:

4.200 inches

Mounting Hole Diameter:

0.180 inches all holes

Mounting Hole Type:

Unthreaded

Product Name:

Power supply mounting plate

Special Features:

8 mounting holes, 4 are 0.136 inch dia, 4 are 0.180 inch dia.

Material:

Aluminum

Material Specification:

Qq-a-250/8 federal specification all material responses

Surface Treatment:

Anodize

Shape:

Rectangular

Surface Treatment Specification:

Mil-c-5541 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-c-5541 spec.
