Width:

2.250 inches

Thickness:

0.064 inches

Length:

5.750 inches

Aperture Diameter:

0.560 inches

Aperture Width:

Between 0.689 inches and 0.699 inches

Aperture Length:

Between 0.689 inches and 0.699 inches

End Application:

Helicopter, utility

Product Name:

Parking brake plate assembly, center console

Special Features:

Has nthree openings, 2 sq and 1 round/8 screw mountings

Material:

Steel

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530d0
