Overall Length:

23.958 inches

Overall Width:

0.753 inches

Mounting Hole Type:

Plain and counterbored

End Application:

Ground support equipment

Product Name:

Shield, rivet aft

Special Features:

Item has 9 plain holes, diameter 0.208 to 0.214; 11 counterbored holes, diameter 0.625

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-200/8 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A042a0
