Overall Length:
23.958 inches
Overall Width:
0.753 inches
Mounting Hole Type:
Plain and counterbored
End Application:
Ground support equipment
Product Name:
Shield, rivet aft
Special Features:
Item has 9 plain holes, diameter 0.208 to 0.214; 11 counterbored holes, diameter 0.625
Material:
Aluminum alloy 6061
Material Specification:
Qq-a-200/8 federal specification single material response
Surface Treatment:
Anodize
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A042a0
