Overall Height:

1.580 inches

Material Thickness:

1.000 inches

Length:

4.650 inches

End Application:

NSN;-23-200-1530

Loop Opening Width:

0.700 inches

Loop Height:

1.510 inches

Product Name:

Clip, wire, raceway 4.75"

Special Features:

Rockwell c38-42

Material:

Steel comp 1070

Material Specification:

Sae 1070 spring steel .025-.028 pre-tempered assn standard all material responses

Surface Treatment:

Zinc

Surface Treatment Specification:

Martinsite -190 crs alternate material assn standard all treatment responses

Style Designator:

Double grip

Specification Data:

05047 - asme y14.-2000 professional/industrial association standard and 05047 - y14.M-1994 professional/industrial association specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
