Overall Length:

11.000 inches

Overall Height:

0.750 inches

End Application:

NSN:-23-500-1087

Product Name:

Keyboard bracket assembly

Special Features:

Applicable standards / specifications: mil-std-100g and asme y14.5m-1994

Material:

Rubber neoprene

Material Specification:

Mmm-a-1617 type b assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0

Mil-std (military Standard):

Mil-std-100g spec.
