End Application:

F-18; pin and plug, expansion, kit cres, 416, long

Design Type:

Friction

Product Name:

Plug assembly, sealing

Material:

Stainless steel

Material Specification:

As3584 assn standard single material response

Surface Treatment Specification:

As3126 pin federal specification all treatment responses and as3125 plug federal standard all treatment responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A53910
