End Application:

5895-01-526-8477, data analysis central

Product Name:

Commercial-strength neoprene rubber sheet

Special Features:

Sheet is 12" x 24" x 1"/can be cut with a scissors/color black/temperature m3..0 to 200 degrees f/tensile limit is 1000 psi

Material Specification:

Astm d2000 bc assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0
