End Application:

Misc parts auxiliary systems lcs 0001

Product Name:

Stacker, twist lock

Special Features:

Strength: safe working load-tension 25 tonnes, shear 25 tonnes, compression; proof load-tension 37.5 tonnes, shear 37.5 tonnes, compression 112.5 tonnes; break-tension 50 tonnes, shear 50 tonnes, compression 150 tonnes.

Material:

Steel

Surface Treatment:

Hot dip galvanized

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
