**Material Thickness:**

0.250 inches

**End Application:**

2330-01-538-8517

**Material:**

Aluminum alloy 5052

**Material Specification:**

Qq-a-250 assn standard single material response

**Surface Treatment Specification:**

Mil-dtl-53072 military specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A042a0

**Mil-std (military Standard):**

Mil-dtl-53072 spec.
