Overall Width:

0.560 inches

Material Thickness:

0.031 inches

Material Diameter:

0.031 inches

Center To Center Distance Between Loop And Mounting Hole:

1.100 inches

Loop Length:

2.200 inches

Largest Loop Width:

0.970 inches

Smallest Loop Width:

0.970 inches

Product Name:

Clamp assembly, filter

Material:

Steel comp 304

Material Specification:

Qq-s-766 cond a federal specification single material response

Surface Treatment:

Passivate

Style Designator:

Multiple loop

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A12700
