Loop Clamp - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5340-01-548-5493

## **Overall Width:**

0.560 inches

## Material Thickness:

0.031 inches

# Material Diameter:

0.031 inches

# Center To Center Distance Between Loop And Mounting Hole:

1.100 inches

Loop Length:

2.200 inches

## Largest Loop Width:

0.970 inches

## Smallest Loop Width:

0.970 inches

## Product Name:

Clamp assembly, filter

## Material:

Steel comp 304

# Material Specification:

Qq-s-766 cond a federal specification single material response

# Surface Treatment:

Passivate

## Style Designator:

Multiple loop

## Shelf Life:

N/a

## Unit Of Measure:

---

#### Demilitarization:

No

#### Fiig:

A12700
