Overall Width:
0.500 inches
End Application:
2420-01-532-3399, tractor, wheeled, industrial
Loop Inside Diameter:
0.310 inches
Product Name:
Insulated closed clamps, medium duty - furnished open
Special Features:
bolt size m6 (1/4 in)
Material:
Steel
Material Specification:
Ms 435 military standard all material responses
Surface Treatment:
Dichromate zinc
Dichromate zinc Surface Treatment Specification:
Surface Treatment Specification:
Surface Treatment Specification: Ms 201, cl 8b military standard all treatment responses
Surface Treatment Specification: Ms 201, cl 8b military standard all treatment responses Style Designator:
Surface Treatment Specification: Ms 201, cl 8b military standard all treatment responses Style Designator: Clamp & bracket
Surface Treatment Specification: Ms 201, cl 8b military standard all treatment responses Style Designator: Clamp & bracket Shelf Life:
Surface Treatment Specification: Ms 201, cl 8b military standard all treatment responses Style Designator: Clamp & bracket Shelf Life: N/a
Surface Treatment Specification: Ms 201, cl 8b military standard all treatment responses Style Designator: Clamp & bracket Shelf Life: N/a
Surface Treatment Specification: Ms 201, cl 8b military standard all treatment responses Style Designator: Clamp & bracket Shelf Life: N/a Unit Of Measure:
Surface Treatment Specification: Ms 201, cl 8b military standard all treatment responses Style Designator: Clamp & bracket Shelf Life: N/a Unit Of Measure: Demilitarization:
Surface Treatment Specification: Ms 201, cl 8b military standard all treatment responses Style Designator: Clamp & bracket Shelf Life: N/a Unit Of Measure: Demilitarization: No
