Body Width:

0.590 inches

End Application:

Cy-8880/wsc-6

Performance Type:

Medium duty

Reversible Feature:

Not included

Pin Removability:

Nonremovable

Knuckle Quantity:

1

Pin Center To Body Edge Distance:

0.295 inches

Knuckle Type:

Friction

Material And Location:

Zinc body

Product Name:

Hinge, concealed-mt

Special Features:

Thread size: 10-32 unf-2b; adjustable compression for the hinge side of the door; allows the door to be removed from the hinge side.

Style Designator:

Butt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25100
