Overall Diameter:

0.906 inches

End Application:

Mission planning ews, ti06

Design Type:

Threaded

Product Name:

Cap, protective

Special Features:

Receptacle cover thread is 0.6250-0.1p-0.3l-ts. Material is aluminum with olive drab cadmium over electroless nickel. Attachment type is wire rope, nylon jack, eyelet diameter 0.140 inches.

Material:

Aluminum

Surface Treatment:

Cadmium and nickel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0
