Overall Length:

8.800 inches

Overall Height:

1.380 inches

Overall Width:

6.920 inches

End Application:

P3 orion aircraft

Product Name:

Bracket, assembly of ale-47 sequencer

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Style Designator:

Quadruple angle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
