**Overall Length:**

7.000 inches

**Overall Width:**

2.620 inches

**End Application:**

Oe-25 (v) /upn, antenna group

**Product Name:**

Bracket, motor, elevation

**Special Features:**

Nha: an/fpn-63 precision approach radar set

**Material:**

Aluminum alloy 5052

**Material Specification:**

Qq-a-250 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A042a0
