Overall Length:
7.000 inches
Overall Width:
2.620 inches
End Application:
Oe-25 (v) /upn, antenna group
Product Name:
Bracket, motor, elevation
Special Features:
Nha: an/fpn-63 precision approach radar set
Material:
Aluminum alloy 5052
Material Specification:
Qq-a-250 federal specification single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A042a0
