**Width:**

2.710 inches

**Thickness:**

0.090 inches

**Length:**

2.780 inches

**End Application:**

Drive speed increase

**Product Name:**

Plate, switch

**Special Features:**

5 total mounting holes; 3 at 3 corners all same size with full radius, 0.56 inch long, 0.156 inch wide; 2 round, 1.34 inch from edge with notch, 0.58 inch from bottom edge, hole center to hole center is 1.00 inch

**Material:**

Aluminum alloy 5052

**Shape:**

Flat

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A530d0
