Width:

2.250 inches

Thickness:

0.250 inches

Length:

3.560 inches

Mounting Hole Diameter:

0.281 inches all holes

Mounting Hole Type:

Unthreaded

End Application:

Navigation lights mast alteration, ssn 688 class submarine

Mounting Configuration:

Four mounting holes, each 0.281 inch dia.

Product Name:

Cover, cable hitch

Material:

Nickel alloy and copper

Material Specification:

Qq-n-281, cl a, hf federal specification single material response

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A530d0
