Overall Length:

0.900 inches

Overall Width:

0.750 inches

End Application:

Radar set

Product Name:

Bracket, ejector mount

Material:

Aluminum alloy 2024 or aluminum alloy 6061

Material Specification:

Qq-a-225/6 federal specification single material response or qq-a-200/8 federal specification single material response

Surface Treatment:

Oxide film

Surface Treatment Specification:

Mil-c-5541 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A042a0

Mil-std (military Standard):

Mil-c-5541 spec.
