Width:

6.750 inches

Thickness:

0.125 inches

Length:

10.000 inches

Mounting Hole Diameter:

1.000 inches all holes

Mounting Hole Type:

Unthreaded

End Application:

8197380 (53711) rms sea type ii module

Mounting Configuration:

Equally spaced centered at 2.000 inches from both width edges and 2.000 inches from one length edge

Product Name:

(inavy)shim, stanchion head, fwd

Material:

Aluminum alloy 6061

Material Specification:

Astm b209 assn standard all material responses

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530d0
