**Width:**

8.000 inches

**Thickness:**

0.188 inches

**Length:**

2.250 inches

**Mounting Hole Diameter:**

0.280 inches all holes

**Mounting Hole Type:**

Unthreaded

**End Application:**

8197380 (53711) rms sea type ii module

**Product Name:**

(inavy)shim, cone pad, fwd

**Special Features:**

Shim has 8 mounting holes, 3 each on either end in a inward triangular configuration and two in the middle up and down

**Material:**

Aluminum alloy 6061

**Material Specification:**

Astm b209 assn standard all material responses or astm b221 assn standard all material responses

**Surface Treatment:**

Anodize

**Shape:**

Flat

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A530d0
