Width:

2.710 inches

Thickness:

0.134 inches

Length:

6.100 inches

Mounting Hole Quantity:

8

Criticality Code Justification:

Stdc

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type ii cl1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A530d0

Mil-std (military Standard):

Mil-a-8625 spec.
