Special Features:

Material of clamp is nylon. Color is black. Width of clamp is 1/2 inch, length of clamp from center top to center of connecting hole is 21/64 inch, thickness of clamp is 1/16 inch which would give a total of 1/8 inch when connected. If you require the clamp to have the uv stabilized feature allowing exposure to sun light you must add "uvb" to the end of the end of the partnumber (n-2b-bkuvb)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
