End Application:

Board number one; electronic component

Product Name:

Spring clip

Special Features:

Component diameter 0.280 inch plus minus 0.015; length 0.625 inch plus minus 0.010; material thickness 0.012 inch; height 0.380 inch; base width maximum 0.330 inch; 2 holes; beryllium copper, silver finish

Material:

Copper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
