First Step Diameter:

0.7600 inches

Bore Diameter:

0.3170 inches

End Application:

20-5 engine; engine group

Product Name:

Holder, valve spring

Special Features:

Thickness of top is 0.256 inches; weight is 0.012 pounds

Material:

Steel

Material:

Steel

Style Designator:

Seat

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T319-e
