Width:

1.500 inches

Thickness:

0.250 inches

Length:

2.500 inches

Mounting Hole Type:

Unthreaded

End Application:

Mrap

Product Name:

Tab

Special Features:

Mounting plate is circular at one end at 0.150 inch diameter, and tapered from 0.50 inch to 0.33 inch over 1.00 inch distance at other end; 2 mounting holes are 0.260 inches in diameter and located centered on circular end at 0.750 inches from end; mounting plate has circular shaped cut out of 0.780 inch diameter removed from center of circular end

Material:

Steel

Material Specification:

Astm a36 assn standard single material response

Shape:

Special

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A530d0
