Width:

10.875 inches

Thickness:

0.250 inches

Length:

21.500 inches

Mounting Hole Diameter:

0.531 inches all holes and 0.541 inches all holes

Mounting Hole Quantity:

38

Mounting Hole Type:

Unthreaded

End Application:

Hybrid otps no 3

Special Features:

18 mounting holes are mounted from front side along inner perimeter, and 20 holes are mounted from back side along outer perimeter; holes are countersunk at 82-83 degrees resulting in 0.275 inch diameter

Material:

Steel comp 304

Shape:

Rectangular w/rounded corners

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
