Width:

8.750 inches

Thickness:

1.000 inches

Length:

8.750 inches

End Application:

Mark 7 aircraft arresting gear valve actuation and control

Product Name:

Plate, support stand mounting

Special Features:

L shape 4.50in width one leg, 3.50in width other leg; 4 holes 0.500-unc-2b; 2 holes 0.312-18-unc-2b; 1 hole 0.56in thru; finish per navair mpr 1221-96

Material:

Steel

Material Specification:

Astm a36 assn standard single material response

Shape:

Irregular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530d0
