General Purpose Resilient Mount - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/5340-01-574-5370>

Inside Diameter:

16.3 millimeters

Major Outside Diameter:

88.0 millimeters

End Application:

Engine group

Flange Height:

8.0 millimeters

Product Name:

Isolator

Special Features:

Isolator with yellow stripe

Height:

40.0 millimeters

Style Designator:

Round w/ bushing round flange

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A535s0
