Overall Length:

4.243 inches

End Application:

NSN2-35-001-4186

Material And Location:

Steel

Product Name:

Hinge, half

Special Features:

Material = forging, steel, alloy, class I specification astm a 668

Special Test Features:

For optional design, magnetic particle inspect per astm e 1444, wet continuous method, no linear indications allowed

Specification Data:

81349-dod-std-001000d government standard and 80204-ansi y14.5m-1982 manufacturers standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25100
