Mounting Facility Length:

33.0 millimeters

Mounting Facility Width:

17.0 millimeters

End Application:

2320-01-565-3428, chassis, truck

Mounting Facility Quantity:

2

Mounting Method:

Slot

Product Name:

Boarding handle, exterior, roadside

Material:

Steel handle support

Material Specification:

Astm a513, gr 1020 type 5 tube, round mandrel drawn, uns g10200, 0.815 in od x 0.95 in wall assn standard single material response handle or astm a513, gr 1020 type 5 tube, round, uns g10200, 0.815 in od x 0.95 in wall assn standard single material response handle

Surface Treatment Specification:

1920-71-242-0325

Style Designator:

Offset

Supplementary Features:

Nha-12509272

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A250a0
