Width:

26.250 inches

Edge Shape:

Rectangle, multi holes

Length:

26.060 inches

End Application:

A/m32c-10d air conditioner

Product Name:

Panel, door.Hose rack

Special Features:

8 holes along one long edge 0.218in diameter for hinge; 2 latch holes 4.62 x 3.380 along opposite long side

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531n0
