**Width:**

26.250 inches

**Edge Shape:**

Rectangle, multi holes

**Length:**

26.060 inches

**End Application:**

A/m32c-10d air conditioner

**Product Name:**

Panel, door.Hose rack

**Special Features:**

8 holes along one long edge 0.218in diameter for hinge; 2 latch holes 4.62 x 3.380 along opposite long side

**Material:**

Aluminum alloy 5052

**Material Specification:**

Qq-a-250/8 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A531n0
