Hazardous Locations/environmental Protection:

General purpose

Overall Height:

20.6 millimeters

Mounting Device Quantity:

1

End Application:

Mrap-matv

Base Outside Diameter:

28.4 millimeters

Opening Inside Diameter:

7.6 millimeters

Special Features:

Material: red pvc; maximum oper temp: 105 degrees c; brittle temp: -44 degrees c; tensile strength: 1547 psi; dielectric strength v./ml: 540; weight: 9.75 grams

Style Designator:

Thru-hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02000
