Overall Length:

11.870 inches

End Application:

Cargo tank

Product Name:

Compact lubticated mechanical operator

Special Features:

Powder coated steel; 2 3/8 in stroke; solid handle; lubricated stainless steel shaft; has a fusible link designed to melt at not more than 250 degrees f also has non-slip cable connectors; has one compinent

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524v0
