Overall Diameter:

Between 3.158 inches and 3.218 inches

Overall Thickness:

Between 0.423 inches and 0.453 inches

End Application:

3825-01-577-2713 distributor, water, tank type

Mounting Configuration:

Center hole 0.281 inch diameter

Product Name:

Round encased ceramic magnet

Special Features:

2 poles; steel-encased ceramic ferrite; max. Pull: 95 lbs

Material:

Ceramic ferrite and steel

Material:

Ceramic and steel

Shape:

Round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T174-a
