End Application:

B1 aircraft

Product Name:

Bracket, support - eng bl air temp compensator, fwd outbd assembly of

Special Features:

Item is an assembly of the following items: 1 bracket p/n I5344805-013 (made from a piece of material that measures 6.150 long, 5.940 wide and 0.063 thick) and 4 rivets p/n nas1198-6; t.O. 1b-1b-4-21 figure 27 index 49/2

Material:

Steel comp 301

Material Specification:

Mil-s-5059 comp 301 comp 1/2 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A042a0

Mil-std (military Standard):

Mil-s-5059 spec.
