Tongue Hole Type:

Round, unthreaded

End Application:

3655-01-556-1083, n2 - nitrogen generating system

Fastening Device Type:

Plain slotted head screw

Product Name:

Clamp, mounting

Special Features:

Nha membrane sub-assy, 800-560; in addition to machine screw as a fastening device, secured also by self-locking nut

Style Designator:

Right hand clamp & bracket

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A12700
