Tongue Hole Type:
Round, unthreaded
End Application:
3655-01-556-1083, n2 - nitrogen generating system
Fastening Device Type:
Plain slotted head screw
Product Name:
Clamp, mounting
Special Features:
Nha membrane sub-assy, 800-560; in addition to machine screw as a fastening device, secured also by self-locking nut
Style Designator:
Right hand clamp & bracket
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A12700
