Overall Length:

1.250 inches

Tempurature Rating:

180.0 degrees fahrenheit

Overall Width:

0.250 inches

Diameter:

0.500 inches

Material Thickness:

0.469 inches

End Application:

Mrap buffalo mk2a2

Special Features:

0.2812 inch diameter mounting hole: package quantity: 25; temperature range: negative 30 to 180 degree fahrenheit

Material:

Stainless steel

Surface Treatment:

Plastic vinyl band

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A12700
