Overall Height:

1.625 inches

Overall Diameter:

4.4370 inches

Product Name:

Retainer, bearing

Special Features:

Material: aluminum alloy astm b 221; surface treatment: anodize in accordance with mil-a-8625, type 2, class 1. Seal typ is optional;
thickness: 0.500 inches;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
