Overall Width:

5.406 inches

Center To Center Distance Between First And Second Holes:

6.312 inches

Product Name:

Clamp

Special Features:

Carbon steel aisi 1008-1020 mil-w-21157 cl 4

Material:

Steel comp 1008

Surface Treatment:

Phosphate zinc

Special Test Features:

Substitute material = 5771983 type a, grade ii, cl a and b, alt = astm a36

Style Designator:

Single loop

Supplementary Features:

Steel stamp 53711-6143468 and mfr ident per mil-std-130 in approx location shown with characters .12" approx

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A12700

Mil-std (military Standard):

Mil-std-130 spec.
