Cross Sectional Shape:

Recess, same shape as the periphery

Corner Radius:

0.130 inches

Product Name:

Cover, connector

Material:

Aluminum alloy 5052

Material Specification:

Astm b209, type 5052-h32 assn standard single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0

Mil-std (military Standard):

Mil-a-8625 spec.
