Cross Sectional Shape:
Recess, same shape as the periphery
Corner Radius:
0.130 inches
Product Name:
Cover, connector
Material:
Aluminum alloy 5052
Material Specification:
Astm b209, type 5052-h32 assn standard single material response
Surface Treatment:
Anodize
Surface Treatment Specification:
Mil-a-8625 federal specification single treatment response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A531c0
Mil-std (military Standard):
Mil-a-8625 spec.
