Cross Sectional Shape:

Recess, same shape as the periphery

Width:

1.150 inches

Flange Thickness:

0.120 inches

Edge Shape:

Rectangle, one center hole

Length:

4.750 inches

Body Thickness:

0.550 inches

Product Name:

Cover, connector

Material:

Plastic acetal

Material Specification:

Astm d4181, pom 100 or 211, black in color assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531c0
