Overall Length:

1.500 inches

Overall Width:

0.880 inches

Material Thickness:

0.120 inches

Mounting Hole Diameter:

0.194 inches

Hole Quantity:

2

Product Name:

Keeper, latch

Special Features:

Outside corner radius .19 in.; holes 1 in. Center to center; slot for drawhook .125w x1l; holes countersunk .03 in. At 45 degrees

Material:

Steel

Material Specification:

Astm a693 type 17-4ph assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10600
