Mounting Hole Diameter:

Between 6.4 millimeters and 6.7 millimeters

Mounting Hole Quantity:

4

Pin Diameter:

0.187 inches

Body Width:

76.2 millimeters

Mounting Method:

Unthreaded holes

End Application:

6115-01-561-7718 generator set, diesel engine

Material And Location:

Steel, corrosion resisting

Surface Treatment And Location:

Paint

Product Name:

Hinge, door

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A25100
